SYNTHETIC PRO

Fire-Fighting hose for heavy duty applications

Developed in cooperation with professional fire brigades.
Fluorescing for better visibility.
Outside 100% high tenacity, colour dyed polyester yarn. Circular woven, twill-weave, increased abrasion resistance due to a reinforced jacket.
Inner liner made out of a vulcanized high quality EPDM compound.

ADVANTAGES

- Enhanced abrasion resistance
- Supreme visibility even in smoke filled rooms and in darkness
- Reinforced layflat hose
- High aging resistance
- Cold-resistant up to -40 °C
- Heat-resistant up to +100 °C
- Easy maintenance and handling

APPROVALS

- DIN 14811 Class 1 L3

SERVICE

- Standard colour yellow, also available in white, other colours on request
- Individual marking available
- Binding with international couplings available on request
- Other diameters on request
- Available in lengths up to 1000 m depending on diameter

Diameter Inch (mm)	Weight g/m	Burst pressure bar	Working pressure bar	Test pressure bar
2" (52)	330	60	16	24
3" (75)	547	60	16	24
